

Get real-time results with Ergotron multi-monitor solutions

Increase productivity and comfort with multi-screen implementation

Getting more done has never been easier—or more comfortable. Dare to dual with an Ergotron productivity-enhancing multi-monitor desk stand. See how quickly it pays for itself, and more! Our human-centered product designs promote ergonomic comfort. Toggling back and forth between documents is reduced or eliminated, decreasing the time it takes to complete each task. Ergotron solutions promote healthy computing environments—further complementing workflow efficiency.

Neo-Flex® LCD & Laptop Stand

Time is money! Spending a lot of time comparing data and toggling between applications? Minimizing, maximizing, resizing and moving between windows? If the answer to any of these questions is "yes," it's time for a multi-monitor solution. Take the challenge at dare2dual.ergotron.com

Number of professionals employed	Average salary of computer user	Work days per year	Cost of second monitor	MSRP Neo-Flex Combo Lift Stand	Productivity gain by leveraging dual screen computing**	Payback in number of days	Total number of incremental days gained per year	Productivity gain all employees
100	£26,800	225	£107	£116	10%	18	2,250	£247,674

** Conservative estimate. Most studies show a 20–30% increase

Multi-monitor outperforms single monitor*

Productivity benefits

- 33% fewer errors
 - 18% faster in errorless editing of multiple tasks
 - 16% faster edits throughout the task
 - 10% more errorless edits generated
